Amy Braswell.

FULL STACK DEVELOPER
amy-braswell.github.io/portfolio-site

Profile

I am a mid-career professional seeking a full stack development position. I enjoy transforming code into an elegant experience for the end-user while balancing visual concerns with technical requirements. I am a lifelong learner with 15+ years of expertise in client services, design, mentoring, production work and project delivery.

Projects

FIND A NATIONAL PARK
Find a Park | See My Code

- Developed an app that returns the National Parks in a state the user specifies.
- Designed the user interface for mobile and browser responsiveness.
- Skills – HTML, CSS, jQuery, Fetch

CAMERA OPERATIONS QUIZ APP
Take the Quiz | See My Code

- Developed a quiz app to test the user's understanding of camera controls.
- Designed the user interface for mobile and browser responsiveness.
- Skills – HTML, CSS, jQuery

Work Experience

BLOC – FULL STACK DEVELOPMENT PROGRAM | 2019 - PRESENT

- Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, and React.
- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.

OWNER / OPERATOR – STUDIO PHOTOGRAPHER
AMY BRASWELL PHOTOGRAPHY | 2001 – PRESENT

- Planned and prepared for all studio shoots.
- Photographed high-quality imagery for in-store, print and digital distribution.
- Collaborated with other team members to provide on-brand visuals while meeting aggressive timelines.
- Remained composed and calm in very fast-paced, stressful and constantly changing environments to provide optimal desired results.
- Developed reputation as an industry-expert through on-going research of industry trends, new techniques, and software updates.

ADJUNCT FACULTY MEMBER
PHOTOGRAPHY DEPT – COLUMBIA COLLEGE CHICAGO | 2000 - 2016

- Developed and implemented lesson plans designed to teach camera operations, tethered shooting and studio lighting.
- Engaged students by encouraging participation in class and sharing on the subject under discussion.
- Proactively mentored students in the development and achievement of their professional goals.
- Was 1 of 2 adjunct faculty members (out of 60) selected by the department to advise the full-time faculty on best practices in software workflow from an industry perspective as the department developed their digital curriculum for the core foundational classes.
